# Schedule 1 – Licence conditions of approval

## Camping area details

Number of camp sites: 60

## Conditions of approval

1. A person must not camp in a place that is part of the operation of a camping area if that place is not nominated for that purpose in the licence.
2. The operation of the camping area including any premises, building, structure, vehicle, facility, equipment, fixtures, fittings and furniture must be maintained at all times:
  - a In good working order;
  - b In a good state of repair; and
  - c In a clean, tidy, sanitary and hygienic condition.
3. Places, rooms or areas that are part of the operation of the camping area must be numbered and described in the manner specified by the local government.
4. Any premises, building, structure, vehicle, facility or equipment which is part of the operation of the camping area the subject of the licence must not be changed in any respect without the prior notification to the local government and approval of a Council authorised person.
5. The water to be used in the operation of the camping area must be of an appropriate quality to be used for that purpose.
6. An adequate and continuous supply of water must be maintained to all toilet, bathroom, kitchen, laundry and drinking water facilities that form part of the operation of the camping area.
7. An adequate and continuous supply of hot water must be maintained to all bathroom, kitchen and laundry facilities that form part of the operation of the camping area.
8. The water supply for drinking purposes must be potable water.
9. The licence holder must not change the water supply system without the prior approval of a Council authorised person.
10. Any water supply outlet for non-potable water that is part of the operation of the camping area must be prominently and permanently displayed with the words "Not fit for human consumption" so that it can be viewed by members of the public.
11. The operation of the camping area must not constitute a nuisance under *Local Law No. 8 (Public Health, Safety and Amenity) 2008*.
12. Provide sufficient waste containers to accommodate the collection and storage of all waste generated from the camping area operation in the manner and locations specified by the local government.
13. Waste containers that are provided as part of the operation of the camping area must be designed and constructed to prevent access to pests and to be easily and effectively cleaned and disinfected.

- 
14. All waste generated as part of the operation of the camping area must be disposed of in a manner which maintains the operation of the camping area and its surrounds in a clean, tidy, sanitary and hygienic condition.
  15. All wastewater generated during or from the operation of the camping area must be discharged safely to the sewerage system, an on-site sewerage facility or other disposal method approved by the local government.
  16. Human wastes from the operation of the camping area must be disposed of at a dedicated sanitary facility, the sewerage system or an on-site sewerage facility.
  17. Waste from the operation of the camping area must not be disposed of into the stormwater system, waters or a watercourse.
  18. Waste must not be incinerated.
  19. A copy of a current electrical safety certificate of compliance issued under the applicable law in respect of electrical safety must be provided to the local government either:
    - a On an annual basis with the application for the renewal of the licence; or
    - b As required by a Council authorised person.
  20. The evacuation plan and procedures of the operation of the camping area must be displayed in the manner and locations specified by the local government or otherwise so that it can be viewed by members of the public.
  21. Adequate fire safety installations and means of access from the camping area must be maintained at all times.

### **Advisory information**

- Approval is granted under the provisions of the stated legislation only, and does not remove the requirement to comply with all other statutory and/or local government requirements.
